Southwest Area Large Fires:

LL COMPLEX, Gila NF. A Type I Incident Management Team (Lente) is assigned. The complex is burning in the Gila Wilderness approximately 40 miles northwest of Silver City, NM. The complex is comprised of the Langstroth and Lookout fires. Light breezes and less humidity resulted in increased fire activity on both fires. Confinement of the Langstroth fire progressed well, with very little spread. Hazard reduction of dead and down fuels continued on National Forest land near homes in the Willow Creek area. Tentative demobilization of the Type I Team has been set for 6/20/96.

The Gila NF has 1 fire under confinement strategy for 650 acres.
